Dear Johnny,

Nancy and I would like to thank you for the work done by your craftsmen during the recent re-build of our deck, as well as the work performed in replacing the rain gutters, and damaged soffit and associated areas. Indeed, having the stain on the deck and the repainting of the lake-side walls was likewise performed quite well. Thanks too for the replaced screen on the slider at the deck doorway. As you noticed, the clean-up was accomplished in a most careful manner. For all of these reasons, we again say- Thank you.

With best Holiday wishes,

We are,
Sincerely,

Jack & Nancy Reilly
